🎓 Experienced Tutor | Technical University of Munich | MSc in Mathematics

With 18 years of experience and an MSc in Mathematics from the Technical University of Munich, paired with a BSc in Applied Mathematics from the University of Berlin, I specialise in teaching IB, A-Level, and IGCSE Maths. I help students across Europe prepare for exams and develop a solid foundation in maths.

(2002–2004)

**University of Berlin:** BSc in Applied Mathematics  
(1998–2002)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I have been a dedicated maths tutor for 18 years, helping students excel in various curriculums, from IB to A-Level. My extensive experience spans teaching both school-level and undergraduate students across Europe. Whether it's calculus, algebra, or statistics, my aim is to provide clarity and confidence in tackling complex mathematical topics.

In addition to my teaching work, I've guided many students through university entrance exams and advanced coursework, supporting them in developing analytical and problem-solving skills. Having taught students from different academic backgrounds, I understand the challenges they face and have helped numerous students improve their grades and overall understanding of mathematics.

Many of my students have gone on to study at top universities, and I take pride in their success. Over the years, I've built a reputation for being patient and committed to helping students reach their full potential.
