🎓 **Qualified Teacher | University of Chicago | MSc in Applied Mathematics**

With an MSc in Applied Mathematics from the University of Chicago and 7+ years of teaching experience, I specialize in IB and A-Level Maths. My students have consistently improved in GCSE, IGCSE, and SAT exams, achieving strong results.

Teaches: IB Maths A-Level Maths IGCSE Maths GCSE Maths AP Calculus

Curriculum: IB A-Level GCSE IGCSE AP

## Qualifications

**University of Chicago:** MSc in Applied Mathematics  
(2015–2017)

**University of California, Berkeley:** BSc in Mathematics  
(2011–2015)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

For the past seven years, I have worked with students from various countries, guiding them through IB Maths, A-Level, and IGCSE. I have supported learners in preparing for international exams, including SAT and AP Calculus, ensuring they excel in their studies. My sessions are tailored to meet each student's needs, helping them build strong foundations in mathematics.

In addition to one-on-one lessons, I have also helped students tackle challenging math competitions like AMC. My experience in teaching students with diverse learning styles has allowed me to offer personalized attention and create effective study plans for each learner. Whether it's preparing for exams or strengthening math skills, I ensure my students are ready to succeed.

Working with students from the USA, UK, and beyond, I have consistently received positive feedback from parents and students alike. My passion for teaching and mathematics is reflected in the long-term relationships I've built with my students, many of whom continue learning with me throughout their academic journey.
